Work Completed

- Six paper prototypes completed.
- Storyboards and design rationale completed.
- Formative Testing plan completed.
- Five reviewers completed the evaluation.
- FIFA Alt 1 Status Dashboard and Chess Alt 2 Card Review Mode selected.
- Reports and presentation updated.
- Prototype demonstration video completed.

Requirement 1 Progress

Requirement 1 is complete. The group prepared six paper prototypes, with three alternatives for FIFA and three for Chess.com.

Each alternative includes its problem, motivation, solution, strengths, weaknesses, and storyboard. One combined demonstration video presents all six prototypes.

Requirement 2 Progress

Requirement 2 is complete using Formative Testing. Five reviewers evaluated all six alternatives.

FIFA Alt 1 Status Dashboard and **Chess Alt 1 Card Review Mode** were selected as the directions for PA4.

Prototype Demonstration Video

One combined video presents all six paper prototypes.

Current Results

Scenario	Selected direction	Result
FIFA	Alt 1 - Status Dashboard	31 Independent; 11 Hesitation; 8 Failure; preferred by 3 of 5 reviewers
Chess	Alt 2 - Card Review Mode	36 Independent; 8 Hesitation; 1 Failure; preferred by 5 of 5 reviewers
Overall	Six alternatives	190 Independent; 56 Hesitation; 39 Failure; 285 coded outcomes

The main improvement priorities are clearer Pending information and action ownership for FIFA, and clearer entry, explanation, feedback, practice, and recovery for Chess.

Remaining Work

- Carry the selected FIFA and Chess directions into PA4 refinement.
- Peer Review is documented separately when lecturer or class feedback is available.

Final Status

The PA3 paper prototypes, formative evaluation, selected directions, reports, presentation, and combined prototype demonstration video are complete.

The selected directions for PA4 are FIFA Alt 1 Status Dashboard and Chess Alt 2 Card Review Mode.
